Alumni Association Of UET Taxila

The Alumni Association of UET Taxila is a dynamic link between graduates of UET Taxila and the University. The Alumni Association's mission is "To encourage, in partnership with the University, a lifelong relationship between members of alumni association and their university".

Our staff is working for our Alumni to deliver quality events, services, and communications aimed to stimulate interest, cultivate involvement in the prosperity of the university, and inspire feelings of loyalty and pride among Alumni and current students.

Our Alumni are a great source of motivation and inspiration for the current students so a strong relationship will always benefit the university and the Alumni.

Open House & Job Fair

University –industry linkage is really an imperative for the progress and prosperity of the nation. It is essential to identify the areas of collaboration, co-ordination and mutual support between the two basic sectors for sustainable national progress.

Graduates of UET Taxila hold prestigious positions in different organizations and they are serving in national/international, government/private industries and bringing credit to their Alma Mater. University has high rating of demand of graduates by industries. UET Taxila has good history of industrial linkages. Whereas Open House and Job Fair is organized to promote and strengthen mutual cooperation between UET Taxila and the industries.

Goals

- This Open House and Job fair will be a best meeting place between academicians and industrialists to exchange the technological findings
- Providing a platform to narrow the gap between industry and academia to share the idea of collaboration
- A place where industrialist will be able to convey their expectations that they have from the university.

UET Taxila strongly believes in developing strong and sound industry-academia linkages for the better growth of society towards a brighter future. We warmly welcome the representatives of industry to visit UET Taxila for Open House to

- Witness Final Year Projects' exhibition
- Interview/evaluate graduating students for employment
- Visit lab facilities
- Discuss industrial problems with faculty members of various disciplines
- Explore possibilities of industry-academia collaboration
