Technical Journal, UET Taxila

Special Issue on VISUAL INFORMATION PROCESSING

Call for Papers

Technical Journal, UET Taxila is seeking quality research work for special issue on Visual Information Processing. Issue will include original contributions in, but not limited to, the following topical areas:

- **Image and Video Coding**
  - Scalable Coding
  - Distributed Coding
  - 3D & Multi-view Coding
  - Multiple Description Coding

- **Biomedical Engineering**
  - Image Reconstruction
  - MRI
  - Compressed Sensing

- **Visual Information Engineering**
  - Content-based Image Retrieval
  - Content-based Video Retrieval
  - Video Summarization
  - Emotion Analysis

- **Image and Video Processing**
  - Image and Video Filtering
  - Restoration and Enhancement
  - Segmentation and Grouping
  - Color Image Processing

- **Computer Vision**
  - Feature Extraction and Analysis
  - Object Detection and Recognition
  - Video Analysis and Activity Recognition
  - Face and Gesture Analysis
  - Motion and Tracking

**Submission Guidelines:**

Submit your article to the technical.journal@uettaxila.edu.pk before the deadline. Technical journal accepts the submission of articles in IEEE format (www.ieee.org/documents/MSW_A4_format.doc). Kindly mention about your submission for Special Issue on Visual Information Processing in the email.

**EDITORS:**

Muhammad Haroon Yousaf (haroon.yousaf@uettaxila.edu.pk)

Muhammad Majid (m.majid@uettaxila.edu.pk)

**Submission Deadline:** 15th December, 2014

**Author Notification:** 31st January, 2015
