## OVERVIEW OF ICACEE-2023

2nd International Conference on Advances in Civil and Environmental Engineering (ICACEE-2023) is scheduled on 22nd and 23rd February 2023. The goal of ICACEE-2023 is to bring together, multi-disciplinary group of highly cited researchers and engineers from all over the world to present and exchange break-through ideas related to Civil and Environmental Engineering.

ICACEE-2023 shares an insight into the recent research and cutting edge technologies, which gains immense interest with the colossal and exuberant presence of brilliant researchers, delegates, and talented student communities. Several members from national and international organizations are part of the technical committee ICACEE-2023.

ICACEE-2023 welcomes participation from academics and researchers, including students and industry professionals. Additionally, this opportunity will allow academia and industry to close the gap between their respective fields of study and industrial endeavors.
