1st International Conference on Advances in Mechanical, Materials, Mechatronics, and Energy Engineering (ICAME - 24)

17 - 18 OCTOBER, 2024

Faculty of Mechanical & Aeronautical Engineering UET Taxila, Pakitsan

The first International Conference on Advances in Mechanical, Materials, Mechatronics, and Energy Engineering (ICAME-24) will take place on October 17-18, 2024, at the University of Engineering and Technology, Taxila. This event will bring together scholars, researchers, and industry experts to explore cutting-edge advancements in applied mechanics and design, thermal sciences, materials engineering, energy systems, and mechatronics. ICAME-24 serves as a key platform to exchange knowledge, foster collaboration, and bridge the gap between academia and industry, driving innovative solutions to contemporary engineering challenges.
