

ADVANCED MANUFACTURING SYSTEM (AMS) LABORATORY

SUBJECTS:

1. Industrial Facilities Design (IE-412)
2. Computer Integrated Manufacturing (IE-431)

LIST OF EXPERIMENTS:

1. Introduction to facility design
2. Types of Lay out
3. Introduction to SCORBOT
4. Introduction to facility design and Layout types
5. Analyzing the movements of SCORBOT through Teach pendant
6. Controlling Robocell through Software
7. Robocell software
