IEEE Student Branch UET Taxila

Events Report, 2013

IEEE is the world's largest technical society, bringing Members access to the industry's most essential technical Information, networking opportunities, career development tools, and many other exclusive benefits.

Seminar on Career Planning, Aptitude Development and Engineering Career Development

27-02-2013

It was one of the first activities of the year organized by IEEE. The seminar was delivered by Mr. Asad Ali who is a former student of UET Taxila. He guided the students on career planning with respect to possibilities in different fields related to electrical engineering. He also emphasized the work on the field of research and gave a short tutorial on different possibilities by giving examples of his Session fellows.

Seminar On Study And Life In Germany

21-03-2013

Studying abroad is a dream for every student. This session was specially arranged for students who do not have an extra-ordinary CGPA but want to get higher education from foreign universities. Engr. Hassan Bhatti from TU Darmstadt, Germany delivered a detailed lecture on how to get admission in any University in Germany at minimum expense per year. The session was very helpful to all students, especially final year students, who cleared their concepts about VISA and admission process.

Student Week 2013

Discover UET – The 2nd Run

23-04-2013

Discover UET was first organized during DICE 2012 and was a huge success. Based on the theme of scavenger hunt, it allows participants to discover their university in a way never experienced before. Participants were given 2 hours time to find clues, perform different tasks and find answers to some questions.

Egg Drop – The Aviator's Quest

24-04-2013

Held for the first time in UET. Thread, Glue, Scissors, Balloons and Plastic Sheets etc. were provided to the participants. Participants had to design a parachute or any other mechanism from the given material in 2 hours time. The eggs were dropped from the 2nd floor of Electrical Engineering department. Only 5 teams were able to successfully complete the task of landing the egg safely. The winner was decided on the basis of time of flight. Two Teams of IEEE members were monitoring the time of flight of each team.

WIE Ice Cream Stick Creativity Design

25-04-2013

The very first event organized by WIE UET Taxila Chapter.

The event was Divided into two parts: Technical and Non-Technical. Students had to design anything from ice-cream sticks in 3 hours' time. It mainly focused on female students to show their skills. However, the technical category was dominated by a team of male students who designed a stable bridge to win the contest.

Oath Taking Ceremony

01-10-2013

For the first time in IEEE UET Taxila, full cabinet and executive council was announced and a proper Oath Taking Ceremony was held to start the tenure 2013-14. The Student Branch Counselor Dr. Gulistan Raja was present during the ceremony and he took the oath from executive members. Later he urged the cabinet and members to continue doing good work and organizing successful events. He assured the members that he'll help IEEE in all sort of events and expect a good response from them also.

The ceremony concluded with refreshments given by new Chairperson.

Orientation

19-11-2013

Guiding juniors about IEEE is very important as many 1st year students don't have any idea about the society. Orientation was held to spread the awareness about IEEE among the students. Syed Husnain Tanweer Kazmi delivered a comprehensive lecture with the help of slides. He answered the questions of students and at the end, the participants were guided on how to get IEEE membership.

Membership Drive

02-12-2013 to 04-12-2013

It was the first membership drive in history of UET Taxila. A desk was put up in front of central library to attract maximum students. Students from all departments were involved and message of IEEE was widely spread. The students were very eager to get involved in IEEE as they have seen IEEE organize some amazing events during the past year.

The 3 day membership drive was a huge success.

C++ Workshop

04-12-2013

IEEE Mentorship Program was started with the seminar on C++ for junior students who were finding difficulties in the subject. Mr. Wajid Maqsood, a renowned programmer from 5th semester delivered the seminar which was about 2 hours of duration. At the end he answered all the questions asked by participants and review was taken from the students.

The reviews suggested that the seminar was very helpful to students and they were willing to attend further events of IEEE in the future.
